# Instructions for Schedule PS

## General Instructions

### Purpose of Schedule PS

Use Schedule PS to claim the subtraction for tuition paid in 2016 for your dependent child to attend a private school.

### Who is Eligible to Claim the Subtraction

The subtraction may be claimed by a full-year resident, part-year resident, or nonresident of Wisconsin. You must have paid tuition during the taxable year for your child to attend an eligible institution. The child must have been claimed as a dependent on your Wisconsin income tax return, and the child must have been an “elementary pupil” or a “secondary pupil” during the taxable year.

### Definitions

“Elementary pupil” means an individual who is enrolled in grades kindergarten to 8 at an eligible institution. (**Note** “Kindergarten” does not include pre-kindergarten, that is, any 3-year old or 4-year old kindergarten.)

“Secondary pupil” means an individual who is enrolled in grades 9 to 12 at an eligible institution.

“Eligible institution” means a private school with an educational program that meets all of the following criteria:

- The primary purpose of the program is to provide private or religious-based education.
- The program is privately controlled.
- The program provides at least 875 hours of instruction each school year.
- The program provides a sequentially progressive curriculum of fundamental instruction in reading, language arts, mathematics, social studies, science, and health.
- The program is not operated or instituted for the purpose of avoiding or circumventing the compulsory school attendance requirements.
- The pupils in the institution’s educational program, in the ordinary course of events, return annually to the homes of their parents or guardians for not less than 2 months of summer vacation, or the institution is licensed as a child welfare agency.

## Specific Instructions

### Part I

**Line 1** Fill in the name, address, and federal employer identification number (FEIN) of the private school(s) where your dependent child/children were enrolled during 2016.

### Part II

**Line 2** Columns (a) and (b) – Fill in each of your dependent child’s first and last name and social security number if you paid private school tuition for that child in 2016.

**Grade** Column (c) – If your child was:

An elementary pupil (grades kindergarten through 8) for the entire year, fill in a “K” for kindergarten or the grade number as of January 1 of the year for which the tuition was paid.

If your child was a secondary pupil (grades 9 through 12) for the entire year, fill in the grade number as of January 1 of the year for which the tuition was paid.

If your child was an elementary pupil for part of the year and a secondary pupil for the rest of the year, fill in “8 and 9” in column (c).

If your child attended a private school for only part of the year, fill in the grade number at the time your child was first enrolled in the private school.

If the total is more than \$10,000, fill in \$10,000.
